Mr K. R. Simpson

Dear Mr. Simpson,

Thank you for your enquiry.

In response to your letter, you wrote to McCluskey Ford Pty. Ltd. regarding a 1969 Falcon XW GTHO, you asked whether we had any record of the vehicle on our books. I am pleased to inform you that after a long and thorough search we did find some information relating to the vehicle which may be of some assistance.

It is a genuine Falcon XW GTHO.

The numbers you provided us with serial being 25015 and side being 890503 match with our records.

The prefix number should read JG33JA.

If the vehicle still has the original motor, engine number should read GL1518C, but if the motor has ever been changed then it will no longer have the engine number we have quoted.

As it's coded number the vehicle's colour comes up as being Grecian Gold.

We had the vehicle in our possession for approximately 14 months.

The registration number was QLD PMQ258.

The vehicle was then sold to Rowell Thielle Ford in Camperdown N.S.W.

Hope the information we have provided will be of some assistance.

If you require any further information may I suggest you contact

Queensland Transport,
Boundary Road
Spring Hill,
QLD.

Yours sincerely,

J. Greenfield.
