<https://www.transport.tas.gov.au/MRSWebInterface/public/regolookup/registrationLookup.jsf> (Note: you will need to provide the vehicle registration plate number to search this site).

A stolen vehicle notification, or the absence of one, does not necessarily mean a vehicle is or is not stolen.

If there is a stolen vehicle notification you wish to enquire about, you should contact the police force in the State or Territory indicated immediately after the date in the notification. The reference number at the end of the notification should be quoted as a part of your enquiry.

Please note that there may be multiple stolen notifications shown. A stolen notification can be for a VIN, Plate, Chassis and/or Engine.

Vehicle information is requested from Austroads NEVDIS database for each transaction involving a vehicle VIN or Chassis Number on the PPSR. The data is not part of interests registered on the PPSR and it is presented without any guarantee regarding its accuracy.

The NEVDIS data is intended to assist users with checking that the VIN or Chassis Number they entered, along with information they have about the vehicle from other sources, is accurate and to provide users with any data held on NEVDIS about a vehicle's stolen or written off status.

State and territory road agencies are the main source of NEVDIS data and the primary point of contact for enquiries, errors, and corrections.

Access to and use of data provided through the PPSR is subject to the PPSR General Conditions of Use and applicable third party data conditions (which can be obtained at [www.ppsr.gov.au](http://www.ppsr.gov.au)).
