Road Transport Act 2013
Statutory written-off heavy vehicle -
Cancellation of your vehicle registration

Your vehicle CC78BJ has been notified as a **statutory** written-off heavy vehicle to the NSW Written-Off Heavy Vehicles Register. As a result, your vehicle's registration was cancelled on 04-05-2023.

A statutory written-off heavy vehicle cannot be re-registered, and is only suitable to be scrapped or dismantled for parts.

Your vehicle's Compulsory Third Party (CTP) insurance will be cancelled on 10-05-2023, however it will continue to be valid for four (4) business days after this date. You may be entitled to a refund of the balance of the CTP insurance from your insurer. CTP insurance refund does not apply if this vehicle is a trailer.

It is an offence to drive an unregistered or uninsured vehicle on a road or road related area.

Number plates

You are responsible for the number plates issued to your vehicle. You must return the number plates to a Service NSW centre within 14 days of the registration cancellation date.

You can place the number plates on reserve if you wish to use them again. For information on how to reserve your number plates, visit our website.

General Enquiries

For general enquiries, please call us on 13 22 13.

Thank you for your cooperation.

Yours sincerely
